Dear Ms. Orum,

Request for Child Care Quarterly Updates in Spanish

The newly formed state-wide association for family child care, California Family Child Care Network, is contacting you to request that the Child Care Quarterly Updates be made available in Spanish. Our Hispanic Outreach Committee Chair, Yessika Magdaleno, brought this concern to our attention. Our board resolved to contact Community Care Licensing to request your assistance.

Family child care educators need to have easy access to the important information contained in the Child Care Quarterly Updates. These Quarterly Updates contain essential information about health and safety and our state's child care laws and regulations. Spanish speaking providers wish to keep children safe and healthy and they want to comply with laws and regulations. The Spanish speaking population of family child care providers and the families and children they serve is large, significant and growing.

Please, help us ensure that Spanish speaking family child care providers will have access to the information they need in their home language. You may contact me if you have any questions.

Sincerely,

Kathleen Tostado Kenshur, President
California Family Child Care Network
